The Senator Range is the perfect solution for where a touch of class and durability is required. Suitable for prestigious office / corporate developments, shopping centres, schools, airports and many other restroom facilities.

The Senator Range uses the sleek flush fronted façade with the clean, rebated edged pilasters and doors - providing an elegant and fashionable finished appearance. Constructed with the 13mm compact laminate panels, a solid aluminium foot base which spans the width of the pilasters, a specifically designed aluminium headrail and wall channels and high quality brushed stainless hardware - this system is perfectly suited for both high end and high demanding facilities.

| SPECIAL FEATURES
